CHAIRMAN'S MESSAGE

Dear colleagues,

All of us have our share of hopes and expectations –present & future. While certain part of those may appear logical and is likely to come true, the remaining may remain as mere hopes and wishful thinking. However as respected professionals of this society, the optimism our members have in their work and professionals lives is incomparable. As being the foundation of the Institute, the Raipur Branch continues to work with great optimism and dedication to serve the members and students.

The tiny seed knew that in order to grow, it needed to be dropped in soil covered with darkness and struggle to reach the light. One can choose to go back towards safety or forward towards growth. Growth must be chosen, again and again, Fear must also be overcome again and again. The challenges we face in life are always lessons that serve our souls's growth.

JANUARY 2019 EDITION

Let us all welcome the new entrants of the profession who have successfully qualified in the January 2019 examinations. The students from Raipur have once again made the entire city proud with as many as Three All India Ranks being achieved by our students. With great enthusiasm and fresh ideas these newly qualified members are entering the profession with hopes & expectations. We started our year with various event of CICASA which has been duly appreciated by members and student fraternity at large. I am sure in the coming days the branch shall ensure that continuity is maintained in our activities. Like, liberty, power too comes with a sense of responsibility. When we get power, our responsibility is to use that power to empower others around us. We create a huge impact as a professional community. Please remember, when we take an initiative in the interest of our society and environment, it is not only about our members or students, but of many more who are socially and professional associated with them. Pursing our profession with both heart and brains would surely ensure the hopes & expectations are met by all of us.

REGIONAL COUNCIL MEMBER'S MESSAGE

If your actions inspire others to dream more, learn more, do more and become more, you are a leader. I not only subscribe to these words of wisdom by former American President John Quincy Adams personally but also endorse the same for all of you collectively. It is with this frame of mind that I have put our professional '*Leadership and Influence*' high on my agenda for this year while marching towards new frontiers. The need of the hour is to hold the element of '*Leadership and Influence*' very high while exploring new professional horizons and paradigms with our time-tested tradition of professional excellence, ethics and integrity in the service to our nation.

Change is the only thing that is constant.

It is this continuity of change-change with times, that has kept our profession in a leading position in India for decades.

As the saying goes, 'continuity gives us roots; change gives us branches, letting us stretch and grow and reach new heights'. It is time for change in OURSELF too-a change of guard at the very top.

I conclude by Congratulating the new chairman, managing committee and wish you all a very good luck for your Future

Best Wishes...

CA SHASIKANT CHANDRAKAR
