“To reach and stay at the peak, you’ll have to defy steep walls, sheer walls and dead ends.”

Dear Readers,

We present to you another issue of our monthly newsletter, “The Skyline”, this time dedicated to sheer action, not mere contemplation. And who can better take up the task of bringing about landmark changes than the youth with their effervescent energy and enthusiasm. And it is this vitality, dynamism and indomitable will that is reflected in the articles written by our students.

Youth today are willing to “do”, they just need a direction and CICASA Raipur has been trying to become their guiding lights, to help them achieve their full potential and to lead a fruitful life. Action and not procrastination is the key word in today’s world where each new day brings a new idea, a new invention, a new discovery.

I am grateful to the dedicated members of CICASA who contributed towards the compilation of this issue. My sincerest thanks to esteemed chairman sir, CA Amit Chimnani with whose invaluable guidance and support this task has been achieved.

With Best Wishes,
EDITORIAL BOARD

ICAI Raipur Branch Chairmans' Communication

CA CHETAN TARWANI
Chairman

Dear Students

May 2015 examinations are over. So you all must be having a breathing time before gearing up to learn new subjects and topics in the next level of this course. Well, some of you may take this next level as just another task and some of you would take it as an opportunity to learn completely now.

You should make a plan for the coming months. Planning and Prioritizing are two faces of the same coin. Once you plan, you can begin to work on your objectives and develop a precise programme. Prioritization helps you to reduce stress and move towards a successful conclusion.

Those who will be completing IPCC and enrolling for Final should start studying the subjects of the Final Course in right earnest. Those who have not fared quite well in the examinations and consequently not very hopeful of positive results should continue to keep in touch with their subjects rather than waiting for the results. Quite a few students lose precious time on this count. They should instead go through the subsequent developments concerning Taxation and Corporate Laws, Institute's pronouncements like Statements and Standards, Guidance notes, which would be relevant for the upcoming examinations.

After you know, that practical training is an important part and parcel of Chartered Accountancy Course. Every student of Chartered Accountancy Course has to mandatorily undergo three years of rigorous training under a practicing Chartered Accountant. It has been noticed that many students have not taken practical training seriously and consider it to be a burden. Please remember practical training is not just Article ship ; it is the process of growing up from a CA student to an excellent professional.

the Institute has always been very proactive in its approach, specially in providing its student with multiple opportunities for professional development. Its your turn now to utilize all those opportunities. I have always believed that participation in academic and professional convention and conferences will eventually enrich all its participants as they offer you a chance to interact and learn from others. Our course is unique in the sense that it gives us practical exposure through 3 years of practical training along with theoretical knowledge. I would like to advice the article assistant completing their @and year of article training to pursue industrial training with the consent of their respective principal.

the popularity and the demand of Chartered Accountancy Course as well as of the Accountancy professional have witnessed paradigm shift. As opportunities for the student have now become multi dimensional, the responsibilities have also become multi level and diversified. I'm sure that our students will be able to face this challenges and see success in their endeavors.

CICASA Chairman's Communication

CA AMIT CHIMNANI
CICASA Chairman

Dear Students,

In my experience there is only one motivation that is desire. No reasons or principle to it or stand against it. I feel privileged to present before you all, this edition of CICASA's News letter "SKYLINE".

The ultimate key to reach the skyline is your desire to achieve, to succeed. Being CA students we should be keenly focused on achieving good results with hard work & determination & even if we fail at the first instance we should not let down our inner drive & desire to succeed

CICASA committee provide various opportunities to CA students to groom themselves & present their talents. It provides platforms such as lecture, meetings, Industries visits, Educational tours, Inter firm debate completion, Elocution, Quiz competitions, sports meets & last but not the least the upcoming "National Convention-Strive Today Spark Tomorrow" hosted by our branch for the first time.

These extra - circular activities play a key role in sharpening the skills of a person. CICASA welcome all the students to be a part of such programmes & utilise the platform provided to enhance their skills & talents to emerge as better & confident chartered accountants excelling in varied area other than academics.

I hope the newsletter & activities hosted by CICASA help students to enhance their skills & groom & invites suggestions for improvement.

Life Has no pause button, dreams have no expiry date, time has no holidays , so cherish every movement of your life & make it count.

I wish all the students a bright future ahead

"The Starting point of all achievements is desire"

I Am Yours To Keep

Fathers, daughters,
a timeless bond.
Vaster than oceans,
tranquil as ponds.....
You are a princess in my heart,
and I care for you so much.
I love the fondness in your eyes and your tender little touch.

KAJAL JAIN

I looked at you when you were born,
and knew then straight away,
that I would be forever here
to watch you grow and play.

You bring to me a heart of joy,
and memories so great,
and a powerful sense of fatherhood that no one can debate.

I watch you sleep and dream of things that I can only wonder.
That innocent look upon your face just makes my heart grow fonder.

I see you run and jump and shout and calling out my name.
No love that I have ever known could ever feel the same.
No suffering or tragedy nor deeply seated pain
could ever over shadow the bond that we retain.

And so my little princess before you go to sleep,
Remember I am your daddy and I am yours to keep.

A photograph showing two male students sitting at a table during the Inter Firm Debate Competition. They are both wearing suits. The student on the left is looking towards the camera, while the student on the right is looking slightly to his left. There are water bottles and some items on the table in front of them. A banner is visible in the background with the text "Inter Firm Debate Competition" and "2019-2020".
