## CICASA TALKS - SPEAKER # 2

Our Young Entrepreneur –

# Shrey Surya Mishra

and his Nerdy Academy

### ABOUT ME

My name is Shrey Surya Mishra and I am an Entrepreneur. I am an enthusiast in the mathematics field, and I am deeply interested in probability. I am a graduate from the National Institute of Technology (NIT) Raipur, and I graduated in the year 2016. Apart from that, I also have deep interest in cosmology. I own the company, The Nerdy Academy, which aims to revolutionize the Home Tuition Industry.

### WHAT IS THIS NERDY ACADEMY THING?

Nerdy Academy is a professional Home Tuition service provider for students of Classes 1 to 12 (All subjects). Our young team of educators will be teaching the school-going ones at their place. One-to-one education pattern of ours with proper training of the students by our educators, weekly online tests and monthly analysis sessions with analytical reports will one day change the face of tutorial services in the world. We exactly know how to deal with the students, what all resources he might need, his exam-pattern, the books to be followed, the myths to be believed in, the motivation necessary and what not! Our tutors act as study-counsellors, examination gurus and info bank to the students. With the work force of 200 tutors in each city, NERDY ACADEMY is an enormously growing phenomenon. Eliminating the present commercialization in education, NERDY ACADEMY is paving its path with a one-tutor-one-student concept yearning obviously, great results

### WHEN DID YOU START THIS VENTURE AND HOW IS IT COMING UP?

I started this venture in the year 2013 with my friend Aayushi Gajendra. We initially started it in Bhilai, which is a Tier-III city, and got a phenomenal response. People were in dire need of good private tutors, and we bridged the gap. Today, we have around 1000 tutors with us and have already served around 7000 customers in Raipur, Bhilai and Durg. We are more than Rs. 1 Crore in valuation as of now, so I can say we have come a long way since 2013. We are today a three member team, with our mentor Rajiv Roy being the third one who is currently leading the expansion team. He is a graduate from IIM Ahmedabad, and has been a faculty at Loyola University Maryland, Teaching and research on entrepreneurship and international business.

### WHO/WHAT ARE YOUR INSPIRATIONS?

I am inspired from Leonardo Da Vinci, I read him a lot. Steve Jobs is another figure who inspires me.

### WHAT IS YOUR FAVOURITE THING ABOUT ENTREPRENEURSHIP?

Entrepreneurship is a thing that is versatile, that is, it has many aspects, "I rather hustle 24\*7, rather than slave from 9 to 5" is one of my favourite quotation in this regard.

### DO YOU HAVE ANY ADVICE FOR ANYONE WANTING TO BE AN ENTREPRENEUR?

Chart it down. What is your idea, whether it will solve any problem in this world. Application is not a business. It is just a media. Research, work a lot, talk to fellow entrepreneurs and ultimately, if you have the passion and courage, you will do it somehow.
